

Hi! Nice to meet you! My name is Mariagrazia I am fifteen  
a and a student in Catalfamo school.

My favorite course is Art . History, geography and  
French are my hardest courses.

My professors are very friendly and smart. This is my last  
year in this school. Next year I will attend the Antonello  
high school where I will study cooking.

I live in Messina, a small town in Sicily, I love my town for the sea  
and the sun, even if it is a dirty city.

This year, for the first time in my life I have lived in quarantine  
because of the corona virus.

It has been a strange experience which has made me understand  
the value of true friends.

Thank God during this period I have been with my family .

My mother is a housewife so she has always been with me.

In this period at home I have learned to cook and I liked it a lot.  
My speciality is now oven pasta and black and white cake.

Now I am looking forward to this summer. I hope we will be able  
to go out and go to the beach.
